

Mrs. Norris / Ms. Byrd

Classroom News ~ Room 106 ~ Patrol 6

Summit Academy ~ Akron Elementary

2011 – 2012

Math - Vocabulary

polygon regular polygon triangle
quadrilateral pentagon hexagon octagon

We will be reviewing polygons, drawing them, and discussing their characteristics.

The students will also be completing their triangle and cube projects.

Science

We will be reviewing the design process to complete the egg drop projects.

Once the students have completed their project, we will begin testing and evaluating the success of the egg drop.

Please send in eggs

Social Studies

The United States of America Maps

We will be learning the states and their capitals. The states we will be learning about this week are:

New York, Massachusetts, & Rhode Island

We also be learning about how the American Indians settled the continent and why different nations of Indians interacted with their environment in different ways.

Language Arts - Spelling Words

The Year of the Dog

By

Grace Lin

The story follows a young girl's adventures during the Chinese Year of the Dog. As she celebrates with her family, she discovers that this is the year she "finds herself".

We have ordered our Scholastic's Math magazine for each student. Please send in \$8 for your child's subscription if you have not done so. The class will benefit from this magazine greatly.

Thank you!

This is the last week we will be taking orders from the past Scholastic's order form. I will be sending in the orders on October 7. If you would like to order your child book, please send in the order and the money by October 7.
